## EDUCATION

### **EdX through University of Arizona, Arizona-** *Certificate*

August 2022 - March 2023

A bootcamp for MERN full stack development. It's a 8 month program to quickly but efficiently learn the stack MERN and a good baseline knowledge of web development.

### **Compass High School-** *High school diploma*

January 2015- May 2018

---

A school in Tucson, Arizona. It's a high school with many extracurriculars and college opportunities. I took a community college class through them and finished the botany class they offered.
